

A Special Message From  
Chameleon Owner  
Carleen

Dear Chameleon Friends,

During these concerning times, all of us at Chameleon want you to know your safety and the safety of our team is of heightened importance.

Please know we have increased our cleaning and sanitation practices throughout the salon to meet the latest CDC COVID-19 protocols. We use hospital grade disinfecting solutions to ensure a clean and safe salon experience.

It is more important to us now more than ever, that you feel safe, comfortable and stress free.

Here are a few sanitation procedures we use at Chameleon:

Complete nightly and throughout the day cleaning/disinfecting of all salon:

- touch points
- station chairs and lobby chairs
- reception desk, color bar and shampoo stations
- entrance doors
- restrooms

The use of Babercide on our tools.

Increased staff hand sanitation procedures.

Replacing our signature hand treatments with hot towel treatments.

We have changed our hours of operation to help accommodate all the changes in your schedules and school closings.

Some of our team have decided to work later at night and the weekends to help take care of you better.

***I am personally committed to helping you during these challenging times. We will make it through this together.***

Our entire team and I thank you for your continued support, we look forward to seeing you soon.

Please feel free to contact me if you have any questions or concerns at 203-234-7900 or [carleen@chameleonehcc.com](mailto:carleen@chameleonehcc.com).

Sincerely,

Carleen Buden  
Chameleon Owner
